You said you've had enough
I've had it up to here
But I'm still standing

Screaming as you fall
I'm making this point clear
But you're not listening

Apologies are so unusual
But it's the usual to make amends

So, why won't you leave me?
I just want this to be over
I need some time to think

So, why won't you leave me?
You're better off together
With him rather than me

Don't deny the truth
I've moved on and
You're still here
Understand me

With your crying eyes
Wipe off all your tears
'Cause I'm not listening

Apologies are so unusual
But I am comfortable to not be friends

So, why won't you leave me?
I just want this to be over
I need some time to think

So, why won't you leave me?
You're better off together
With him rather than me

So, why did I abandon
Ruin a foundation that we built?
Well, I'm, I'm not committed

To waiting and pleasing, you make this clear

Why won't you leave me?
You don't want this to be over
I just need time to think

And when will you leave me?
You're better off together
With him rather than me

So, why won't you leave me?
I need some time to think

So, why won't you leave me?
You're better off together
[Incomprehensible]
