Rotten world
Morbid world
Chaos world
In this world of absurdity
Insanity prevails
Obscenity and brutality
Is our filthy twisted reality

Hatred, hypocrisy, cruelty
No dignity, no love, no respect

This is the world
That we have chosen
This is our fucking reality

Greed, pride, evil, s.h.i.t
These aspects of humanity
Threaten all life

In this garden of delights
Insanity prevails
Obscenity and brutality
Is our filthy twisted reality.
