Scientific violence  
Hi tech mass murder  
Profit 100%  
Human loss absolute

Punishment none  
No chance to recuperate  
Chances of repeating  
The same mistakes 100%

Estimated time  
Of healing the wounds....forever

Death sealed in concrete awaits  
The epitaph of logic  
Death sealed in concrete  
The cenotaph of mankind

A dance of constructed demons  
On an earthly hell  
A world where science is god  
A world where science  
Was diminished to gold

Paying with our lives and souls  
A debt we have not chosen to partake

In this sphere of obscenity  
Every day a new page in the book  
Of inhuman history spawned to remember  
Is written in human blood

A mother weeps...  
While she buries her only child  
With the bare hands she raised it in the same soil that  
killed it  
And now poisons her body as she digs the grave

No proper burial  
No obituary  
Ashes to ashes  
To moleculation

To total extinction

Not a single trace of our existence  
Will be left behind.
