### "don't love me"

Visit "[don't love me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Soon or later I will find another lover  
So I'm gonna trick you better  
Than you ever heave, then you ever heave  
You say I'm pretty long, I'm pretty fucking crazy  
You're the wish you never met me  
Your gonn this me bad, your gonn this me bad  
You can say you're sorry  
Show how much you want me  
But don't you know you're wasting your time?  
You can try it up boy you 're here and go  
I don't lead it you out line of my life  
Don't dare to la-la-la-la-la-love me  
Don't you la-la-la-la-love me  
Don't you la-la-la-la-love me  
Ooooooho oh oh  
Don't dare to la-la-la-la-la-love me  
Don't you la-la-la-la-love me  
Don't you la-la-la-la-love me  
Ooooooho oh oh  
Did you think that is gonna be easy?  
First strife and then you're coming back to me  
What I missed you plan, what I missed your plan  
It's scaring you a lie, when a lie a little harder  
'Cause I don't want you back boy don't batter  
Trynna be my man, trynna be my man  
But baby you were all right, but maybe you lost your mind  
But I don't really care anymore  
Noooo  
You can say you're sorry  
Show how much you want me  
But don't you know you're wasting your time?  
You can try it up boy you 're here and go  
I don't lead it you out line of my life  
Don't dare to la-la-la-la-la-love me

Don't you la-la-la-la-love me  
Don't you la-la-la-la-love me  
Ooooooho oh oh  
Don't dare to la-la-la-la-love me  
Don't you la-la-la-la-love me  
Don't you la-la-la-la-love me  
Ooooooho oh oh  
Empty promises there were to go me then  
For me there's nothing, there's no feeling  
Oooohooo, ooooohooooh  
You can say you're sorry  
Show how much you want me  
But don't you know you're wasting your time?  
You can try it up boy you 're here and go  
I don't lead it you out line of my life  
Don't dare to la-la-la-la-love me  
Don't you la-la-la-la-love me  
Don't you la-la-la-la-love me  
Ooooooho oh oh  
Don't dare to la-la-la-la-love me  
Don't you la-la-la-la-love me  
Don't you la-la-la-la-love me  
Ooooooho oh oh
