It's not true, that I'm a drunkard

Even though mother damned a thousand times,

It's not true, that I'm ungreatful

But I'm not without a blemish too.

It's true, Jim has almost killed me

Even though he wasn't my master

It's true - I'm not afraid of acid

And I'd like everything right now.

Somebody said that I'm a kid

And he was absolutely right

Somebody saw me mixin' "Bloody Titus"

He said, "It's not an attraction."

A drunk lady danced behind me

Naked in my black leather

I Intended to fuck her as cold as stone

But I couldn't - I got too much

And it's true, that I'm wicked

Even though they thanked me many times

It's true that I'm a motherfucker

But I don't feel any repulsion to myself

Hey you, don't tell me, don't even try,

That fault is only mine,

And don't damn acid,

It's cheap and it kicks so well

I mean acid! Do you like it?!
