Soft words you can whisper to my charming asshole  
Soft treasons, bloody gossips, abominable stories  
I will spit on your head, you'll know your neurosis  
Your lying eyes make me really f...in' mad  
I'll repay, my boy, be sure  
I was too nervous, I had piece of mind  
I was too colored inside, I thought, that I'm strong  
But my sense of safety, my sense of immunity  
Burst like a meagre, faulty condom  
I'm gonna make an order in, in your brain  
You cannot be a dick, so bad to me, OK  
Yes, I will be your medicine man, oh baby

I'm gonna make an order in, in your brain  
I'll uproot bad habits  
My feelings are transformed and breaking through the  
ass  
Of this old red haired bitch - Autumn  
Wallow in a gutter  
S... eaters, supermeaters, welcome to the club  
Greetings to your company and get out of my sight  
F... you and your nice lies  
I'm gonna make an order in, in your brain  
You cannot be a dick, so bad to me, OK  
Yes, I will be your medicine man, oh baby  
I'll repay, my boy, be sure!!!
