Minolta devil explosure wide lens view
Check for dentals and niggaz next to push tha Benz
through
You know the glow iced out rings long dough
Spandex Mossino hoe bitches lettin they ass show
I play the game took plenty paper still remain the same
Asian name beval length chain lettin my piece hang
Domestic no more crime play but still connected
It's ethics calculated steps through geometrics
Ways spinnin double Shades of base linin 97' expedition
Disflavored all tha trimmins
Travel light push tha LS on casual nights
Have you ever puffed tha tallas weed pipe
That shit will have you right
I roll dice tryin to deforce from this cold life
Used to sell coke on tha strip now I hold mic
and plan soon to pack an vacate so were in Cancun
Escape to a cozy estate filled wit mad rooms
?? too many foul niggaz time to turn it up
Push it by the buck and shift gears burn the clutch
Cause it's like this for these chips I strike swift
preciseness
Precious jewels a life thats priceless
I payed my dues and through it all I never trade my
shoes
Cash rules new crews who made the news
We all for paper I guess greed is just a second nature
Indeed shots an ?hebock? on weed to escalate ya
Some mostly touch along the line crossed up
I took tha short cut puffin on blunts bustin off nuts
The night type love dime bitches and night life
Casino dice sexy strip Dancers and white ice
I seen the movie most of you niggaz couldn't move me
Truly it's like a 6-shot ruger against an ozzie
So bust ya run or cock back bust your gun but I fake
none
I remain like the sun bless tha stong livin
Intellect an long vision connects in prison
and real niggaz wit recognition
so respect the mission volume one
Second addition the next dimension

Dotted line sign your deposition
