[Chorus:]

all the king's horses and all the king's men  
couldn't put my broken heart  
back together again  
all the king's horses and all the king's men  
couldn't put my broken heart  
back together again

my life is split in two  
my better half is you  
I'm filled with deep regret  
the love I can't forget  
one thing on earth can save me  
bring back the love you gave me  
that shut the lies you spoke  
the promises you broke

[bridge:]

just like humpty dumpty  
who sat up on the wall  
you build me up, boy  
just to let me fall

[chorus]

I can't count the times I looked  
the pictures that we took  
I sit and reminisce  
of all the joy I missed  
love letters that you wrote  
that soothe the heart you broke  
I need your love to mend  
our heart together again

[bridge]

[repeat chorus]

mm, mmm

[repeat bridge]

[repeat chorus]

only you can make my life complete  
darling, please come back to me  
please come on home  
my heart is like a broken shell  
only your sweet love can heal  
please, please come on back  
only you can make my life complete  
darling, please come back to me
