New Friends  
(Carter/ Hanson Person/ Schatz)

You can pretend like you don't feel a thing  
But I know better than to believe  
Everybody knows  
Seen you with a new crowd  
You're acting so proud

Sorry leaves a bitter taste  
That you can't spit out  
Where's your new friends now

The smallest stones wipe the smile from your face  
It swallowed your heart inside and now it's cold  
every day  
Anyway everybody knows  
Because you were talking so loud  
But your head's down now

Sorry leaves a bitter taste  
That you can't spit out

Where's your new friends now  
Someday you're gonna turn to me  
But I won't be around  
Where's your new friends now  
Did they let you down

Just so you know  
Not everybody wants to be somebody  
With a part in your show  
Just let it go

Sorry leaves a bitter taste  
That you can't spit out  
Where's your new friends now  
Someday you're gonna turn to me  
But I won't be around  
Where's your new friends now  
Did they let you down
