She makes me laugh, she makes me cry with a twinkle
of her eye

She flies like a bird in the sky

She flies like a bird and I wish that she was mine

She flies like a bird, oh me, oh my

I see her sigh

Now I know, I can't let maggie go

We walk here and we walk there

People stop and people stare

'Cause she flies like a bird in the sky

She flies like a bird and I wish that she was mine

She flies like a bird, oh me, oh my

I see her sigh

Now I know, I can't let maggie go

She flies like a bird in the sky

She flies like a bird and I wish that she was mine

She flies like a bird, oh me, oh my

I see her sigh

Now I know, I can't let maggie go

Oh yes, she flies like a bird in the sky

She flies like a bird and I wish that she was mine (Oh
yes, I wish that she was mine)

She flies like a bird, oh me, oh my

I see her sigh

Now I know, I can't let maggie go
