Use at your own risk
Double helix
Meth lab motel specters
Narcoleptic dreams

Corrode you
Serotonin owns you
Swing low now suede hollow
What follows is foul

Oh, there she goes belle epoque's left us again
Oh, there she goes belle epoque's left us again

Dispatches from a devonian sea
I don't think you can hear me
Voices from the bottom of the well

Black magic mistress making white mischief
Foolish Rookie years
Running on fumes, something wicked this way
Becomes you
Oh, there she goes belle epoque's left us again
Oh, there she goes belle epoque's left us again
Someday man and machine will
Lay down in the field together

Like friendship and sand runs through your hand
They say that they do but one really understands
Raspberry chocolate
The protocols of the elders of zion
You stood before me in your naked beauty
I ruined you, you consumed me

Oh, there she goes belle epoque's left us again
Oh, there she goes belle epoque's left us again
Someday man and machine will
Lay down in the field together
