Made out like a bandit  
Never ends like you planned it  
You don't carry a torch for him  
The earth was scorched for him  
Now you can't forget

It's not the same, it's never better  
It'll change your world  
If you let it, for now  
You can't see more for the tears

Make sure you get dressed up  
You'll never know, if you'll see your ex there  
But he'll finally fade out  
'Cause you stayed out too long

It's not the same, it's never better  
It'll change your world  
If you let it, for now  
You can't see more for the tears

Who carved the name on your head board? Who?  
It's true, you can stand it out, it's true

There's the peeing on trees you know  
The birds and bees you know  
Don't wanna let you go

When they're kicking  
On your tires one day  
You're gonna tell 'em  
"Hey, this car's up for sale"

It's not the same, it's never better  
It'll change your world  
If you let it, for now  
You can't see more for the tears

For the tears  
For the tears  
For the tears

For the tears  
For the tears  
For the tears

For the tears  
For the tears
