Sit with me in the gutter for a while  
Come on, come on  
Just give it a try  
Most people die in their beds you say  
If we stay on our feet we might get away  
Red dye #40  
They're taking you to court here  
You're a third rate, first date is clear  
I'm a man on the move or a man on the make  
Just deal me out I'll get what I can take  
Red dye #40  
They're taking you to court here  
You're a third rate, first date is clear  
Standing with my black socks on  
Looking just like a [busted john]  
From the [mad hat] to the stand up franks  
Now the walk to your door doesn't seem like the thanks  
Now you're gone, gone like cotton candy  
Well the butcher paper comes in handy  
Red dye #40  
They're taking you to court here  
You're a third rate, first date is clear  
Red dye #40  
They're taking you to court here  
You're a third rate, first date is clear  
It's so clear
