You look good with your lights and mirrors
But I could tell if I could get a bit nearer to you
Now you're lying on a hard wood floor
You know you're alive but you can't be sure, it's true
Rumor has it, it's true

You got your cake and you got your brass ring
Now you're friends are the next big thing, it's true
Rumor has it, it's true

In the deep, deep blue you'll be swimming along
With your concrete shoes and a straitjacket on
We don't know that you're gone
Rumor has it, it's true
Rumor has it, it's true

The sun and the moon, the other planets and the earth
Separated from each other at birth, it's true
Bits of wood and an old cloth shroud
The man in the temple's kicking out the crowd, it's true
Rumor has it, it's true

In the deep, deep blue you'll be swimming along
With your concrete shoes and a straitjacket on
We don't know that you're gone
Rumor has it, it's true

In the deep, deep blue you'll be swimming along
With your concrete shoes and a straitjacket on
We don't know that you're gone
Rumor has it, it's true

Rumor has it, it's true
Rumor has it, it's true
Rumor has it, it's true
Rumor has it, it's true
