Bells, they rang all night
Toss and turn in our bed, back to back
Your breaths are deep

And pills they help me go to sleep
Forget who I am, what I want
Where I'm going

Straight, stand up on my artificial bones
But I've just seen a ghost
To your past, my favorite toast

Seen a ghost
Seen a ghost

Let down your rope
So I can crawl out of my head
Crawl out of, crawl out of my head

I, I'm an open book
Have you read enough?
A bird that's full flies away

Straight, I stand up on my artificial bones
Won't you, won't you take me home?
'Cause I can't leave you alone

Seen a ghost
Seen a ghost
Seen a ghost
