### "Turn My Head"

Visit "[Turn My Head](#)" on MotoLyrics.com

There's a heart on fire at the other end of the line  
But all my desire was [Incomprehensible] down over  
time  
I want everything I see but I really don't know what I  
want  
I ain't got money but I sure got a lot of dreams

Baby, you can make me  
Anything that you want  
You can turn my head all the way 'round  
But don't drive me crazy

One heart, your love is divided in two  
I wanna be alone but I keep on thinking of you  
She can built me up, she can tear me down  
But it keeps my feet on the ground  
Baby, cut me loose, I'll never let go, I'm not

Oh, baby, you can make me  
Anything that you want  
You can turn my head all the way 'round  
But don't drive me crazy

Baby, you can make me  
Anything that you want  
You can turn my head all the way 'round  
But don't drive me crazy, baby

Baby, you can make me  
Anything that you want  
You can turn my head all the way 'round  
But don't drive me crazy

Baby, you can make me  
Anything that you want  
You can turn my head all the way 'round  
But don't drive me crazy
