I'm climbing up your ladder now the next rung is thin
air
I'm lying at your feet and you don't care
You're hog-tied on your dirty chair, you think that day is
night
You're so far left, you think you're right

Sugar in my tank but I'm alright
You are the one, you are the one twitch in my eye
You are the one, you are the one, but I'm not blind
You are the twitch in my eye but I'm not blind

Pins and needles everywhere, I'm chewing on steel
wool
The China shop is burning down waiting for a bull
The glue factory's got my name, a gathering of lies
Anticipating my imminent demise

Killing, killing me hardly now
Try to scream as you shut my mouth

You are the one, you are the one twitch in my eye
You are the one, you are the one twitch in my eye
You are the one, you are the one, but I'm not blind
You are the twitch in my eye, but I'm not blind

You're laughing, I'm going down
You're laughing, I'm going down
You're laughing, I'm going down
