High up in that sky the sun glows
It's early on the beach and who knows
That scenery could get very hot today
I come hear cuz I like the water sports
I come hear cuz I'm getting good reports
But most of all it's wave babies I gotta see

Wave babies when their lyin on the sand
Wave babies and I want them in my hand, in my hand

I can smell the oil that's in the air
The ocean breeze is running through their hair
The track pants slowly slip down their legs
And they lie with their tops undone
Cold water means a little bit of fun
But just like summer it's over to fast

Wave babies and their lyin on the sand
Wave babies and I want them in my hand
Wave babies when their lyin on the sand
Wave babies and I want them in my hand
Lyn on the sand

(Keys Instrumental)

Wave babies when their lyin on the sand
Wave babies and I want them in my hand
Wave babies when their lyin on the sand
Wave babies and I want them in my hand
Lyn on the Sand

(Instrumental)
