My heart still breaks, can't you understand my tears
still fall?
My head still aches, each time we talk. (each time we
talk)
My eyes still see, everything that has been going on.
Cos my love for you, is still so strong.

I don't always know where the road will lead, gotta
understand that it's alright.
Always there for you, you've been there for me.
And I still wonder why...

I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find our way together.
We'll make it through whatever.
I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find a way to make it through.
Just me and you.
(Me and you, me and you, ooh. Me and you, me and
you, ooh.)

My prayers were heard, from the moment that I held
you close.
Felt heaven on earth, touch my soul. (touch my soul)
And even though you caused me pain, you know I
wouldn't change one thing.
Cos after all we've been through, my love for you, won't
fade away.

I don't always know where the road will lead, gotta
understand that it's alright.
Always there for you, you've been there for me.
And I still wonder why...

I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find our way together.
We'll make it through whatever.
I don't know, you don't know, we don't know

Don't know where we're going.
But, we'll find a way to make it through.
Just me and you.

I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find our way together.
We'll make it through whatever.
I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find a way to make it through.
Just me and you.

I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find our way together.
We'll make it through whatever.
I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find a way to make it through.
Just me and you.

I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find our way together.
We'll make it through whatever.
I don't know, you don't know, we don't know
Don't know where we're going.
But, we'll find a way to make it through.
Just me and you
