[Verse One]

I got some shit to make them all stop hatin
I got some dick to make you and that bitch stop waitin
And I got a trick and I'll make you fall in love
And you can have that bitch for just a couple of doves
Frank V is on some sick shit
Some fat shit
Some way a latin rapper cant rap like that
Shit I been payed, been laid
You just been sprayed with some shit that I just made
No fade bald headed fuck it keep your credit my shits
clean supreme unleaded
Low ride all day, hit the pad grab the Porsche
Hit the ranch, ride the white horse full force
Look for me in the source, you'll be a lookin
motherfucker
But look at the back, you might see big Frank
Cashin a check or two thats what the hell I do
You don't like how I'm livin well fuck you

(Chorus: 2X)

Its all good from dago to la
Frank V and Lil' Rob makin that major pay
In a caddie coupe 64 rag chevrolet
We drink tequila strait fuck that tango ray

[Verse Two]

Let me do things my way
Get the fuck out of my way
I'm coming like this
With this two psychos that everybody wishes would go
like this
Lil' Robbie the sickest
Little vato representing the city of San Diego to the
fullest
Bullshit is what you be giving me, but you cant get rid
of me
Lil' Rob (Lil' Rob), without me there will never be,
anything good to listen to Ah
At least thats the way I see it homeboy, what about you
Ah

Holiday today from saturday to saturday from month to
month from year to year
like the fifth of may to the fifth of may holle
And I put that on the hairs of my chine chin chin
You don't want to begin, something that you cant win
Mish, whats the kind of stuff that I come from
you don't like my song cant believe your anyone that
your not anyone
You ain't nobody, Lil' Rob rocking it just for a little while
So let me do things my way Lil' Rob style

(Chorus)

[Verse Three]

Ill be that vato, who got you on the stage
Mr. Sancho returning your latest page
Now your in a rage, pissed off and disgusted
Thats why I ain't got to leave, cant be trusted
Vatos hooked on hoes like China white without being
stepped on
Thats why I kicked the habit and then kept on
Its hard enough these days to make cash win
Without a bitch asking me were the fuck if I be
Franky baby is to clean for that, to pay for that
I'm a genuine player, not bitch made like that
My shit sails to the tite raid like that
But don't keep it at home, because pigs run raids like
that
It's still put down like it should be
From SD to that big bad 213

(Chorus)
