Oh baby  
I love the way you treat me like a lady  
Sweet sugar, you're so fine  
You're always making me crazy  
You are the reason why I feel the way I do now  
You've got to believe me  
Can you hear me?  
Cos' I'm ready to show you how

So baby if, if I will go to heaven  
We can fly so high  
Baby, baby, don't deny

I'll never let you down  
Never run around  
Baby believe me  
Cos' I will be there  
I'll be there always  
I'll never let you down  
Never mess around  
Baby believe me  
Never before have I felt something more than I do

Dub-a-dub-a-dub, Dub-a-dub-a-dub  
Dub-a-dub-a-dub, Dub-a-dub-a-dub

If I told you a secret  
Would you turn and walk away  
So good (so good)  
That baby you know what to say

So baby if, if I will go to heaven  
We can fly so high  
Baby, baby, don't deny  
(Baby don't deny)

I'll never let you down

Never run around  
Baby believe me

Cos' I will be there  
I'll be there always  
I'll never let you down  
Never mess around  
Baby believe me  
Never before have I felt something more than I do

Whenever you're gone  
I think of promises we made  
Never be afraid  
I keep holding on  
(I keep holding on)  
To the nights that we shared  
And it'll never be cold outside  
Cos' every time you're near  
Shadows disappear  
I'll be waiting  
(Waiting)  
Waiting for you  
I'll always be true

I'll never let you down  
Never run around  
Baby believe me  
Cos' I will be there  
I'll be there always  
I'll never let you down  
Never mess around  
Baby believe me  
Never before have I felt something more than I do

I'll never let you down  
Never mess around  
Baby believe me  
Cos' I will be there  
I'll be there always  
I'll never let you down  
Never mess around  
Baby believe me  
Never before have I felt something more than I do
