Title: I Gave You My Heart, You Gave Me a Pacemaker

Album: Build Hearts From Stars (Deluxe)

Lyrics:

I promised myself I'd never fall

I'd keep the hurt I have inside

I'm not gonna give it away this time

I'm not gonna give it away this time

Though I might feel like I'm a failure,

It's not my fault.

My heart's been broken too many times

I know that nothing feels right this time, right this time

These last few years just fit inside each tear

Just fit inside each tear

So cry yourself to sleep

Your pillow is the comfort that I will never be

We're in too deep, don't run away from me

Don't run away from me, the silence becomes me

This song becomes my escape

My only means of getting away

I'm not gonna give it away this time

I'm not gonna give it away this time

I have to keep moving along

So I can learn how to be strong

For once in my life I can hold my head up high

Cry yourself to sleep

Your pillow is the comfort that I will never be

We're in too deep, don't run away from me

Don't run away from me, the silence becomes me

So cry yourself to sleep

Your pillow is the comfort I will never be

We're in too deep, don't run away from me

Don't run away from me

So cry yourself to sleep

Your pillow is the comfort that I will never be

We're in too deep, don't run away from me

Don't run away from me

The silence becomes me, The silence becomes me
The silence becomes me, The silence becomes me
The silence becomes me, The silence becomes me
The silence becomes me, The silence becomes me
