I wrote you a letter to let you know nothing's changed since you've gone. Take a photograph of me and you, I'll watch you tear it up. I'd like to take the time to welcome you back home. Welcome home, keep the flowers, enjoy the cold. I'm a lover with killer's hands, hold on until it dies. I know exactly what kind of girl you are. Don't say it unless you mean it, cause I mean it. I hope you thought of me while you were away. I hope all the boys treated you right. But they don't know you like I do. And they won't care for you the way I do. So take your time, take what's mine. You know I'll give it up. Welcome home, keep the flowers, enjoy the cold. I'm a lover with killer's hands, hold on until it dies. I know exactly what kind of girl you are. Don't say it unless you mean it, cause I mean it. Cause I need it. Go. Welcome home
