I got another question that I need answered
But you won't speak to me, got another problem
That I need solved and you just don't agree
Don't act like you don't care
Cause I know you do, yeah you do

But I just can't figure it out
I'm not over you, over you
And I just can't leave it alone
I'm not over you, over you

What happened to the days
When I knew the ways to make your body move
Tried to get it back but the distance rolls
I know you feel it too
I can't act like I don't care
Cause I do, yeah I do

But I just can't figure it out
I'm not over you, over you
And I just can't leave it alone
I'm not over you, over you
And you just won't pick up the phone
I'm not over you, over you
And I know I'll never get through
I'm not over you, over you

Pick up the pictures of you and me
I try seeing another girls
But they were just a distraction
Never the same attraction
Going crazy over you

And I just can't figure it out
I'm not over you, over you
And I just can't leave it alone
I'm not over you, over you
And you just won't pick up the phone
I'm not over you, over you
And I know I'll never get through
I'm not over you, over you

I'm not over you
I'm not over you
I'm not over you
Over you
