{Let me talk to you for a minute  
Know we could be good together}

You know I'm thinking know I'm thinking  
We should get some time alone  
I try to keep from going under but the feeling's just too  
strong  
They say that opposites attract so you be right and I'll  
be wrong  
This groove is taking me to places that I never thought  
I'd go

Oh no

So buckle up your seat belt  
Get ready for impact  
I'll be first to tell you  
The funk is coming back

I just wanna rock with you  
Don't really care about a thing that they say {No}  
Never wanna stop with you  
I'm tired of waiting come on over this way

{The Gentlemen are in the building  
Ladies}

I've fallen hard before  
But no one's ever moved me like you do {Crazy}  
You've heard the jealous talk well baby  
They just wish they had this too

So buckle up your seatbelt  
Get ready for impact  
Just like I was saying  
You know opposites attract

I just wanna rock with you  
Don't really care about a thing that they say  
Never wanna stop with you  
I'm tired of waiting come on over this way

Yeah

Rock with you  
Yeah I'm a fan of what you do  
I wanna rock with you

Rock with you  
I can see you want it too  
I wanna  
I wanna rock with you

Yeah yeah yeah

I wanna rock  
Don't wanna stop  
I wanna rock with you

Oh bab-ay

Whooh whooh  
Oh oh  
Whooh whooh

Yeah

I just wanna rock with you  
Don't really care about a thing that they say  
Never wanna stop with you  
I'm tired of waiting come on over this way

Rock with you  
I'm a fan of what you do  
I wanna rock with you

Rock with you  
I can see you want it to  
I wanna  
I wanna rock with you

Yeah yeah yeah

I just wanna rock  
I don't wanna stop
