Late at night I can't fall asleep  
My body's twisting in the sheets  
You're the girl I want  
I see you in my dreams  
I can't wait 'til I fall asleep

Cause I don't wanna be without you anymore  
You're sending mixed signals  
I didn't think I was far from shore  
Now I'm caught up in the moment

I'm thrown overboard  
I'm drowning  
Lost without a lifeline  
It's high tide  
And I am sinking

I want you to rescue me  
I want you to rescue me  
I want you to rescue me  
Cause this bed is an ocean

Morning comes creeping like a thief  
Stealing all my dreams from me  
The lady in my life  
She's just a fantasy  
I'm so lonely it's killing me

Cause I don't wanna be without you anymore  
You're sending mixed signals  
I didn't think I was far from shore  
Now I'm caught up in the moment

I'm thrown overboard  
I'm drowning  
Lost without a lifeline  
It's high tide  
And I am sinking

I want you to rescue me  
I want you to rescue me

I want you to rescue me  
Cause this bed is an ocean

I want you to rescue me  
I want you to rescue me  
I want you to rescue me  
Cause this bed is an ocean

I'm treading water  
I never thought it would get this deep  
I see you above me  
I can't believe it was you who pushed me over

I'm thrown overboard  
I'm drowning  
Lost without a lifeline  
It's high tide  
And I am sinking

I'm thrown overboard  
I'm drowning  
Lost without a lifeline  
It's high tide  
And I am sinking

I want you to rescue me  
I want you to rescue me  
I want you to rescue me  
Cause this bed is an ocean

I want you to rescue me  
I want you to rescue me  
I want you to rescue me  
Cause this bed is an ocean
