Woah (11x)

(Verse 1)

I can't feel it when I breathe
Electric pulses from the
City run through me
The night is so alive
I can hear it calling my name
I gotta rest this heart
I feel it beating out of my chest
And the mid gets dark
It pulls me out of bed

(Chrous)

I'm breaking out tonight
Gotta find what I've been missing
No more doubts in my mind
I don't need your permission
Let me live underneath
These bright lights
I can't breathe trapped
Within a frame
You won't find me
Stuck inside a can
You can't box me in
You can't box me in

(Verse 2)

As I'm walking through the streets
A million stories echo
Underneath my feet
I see it in your eyes
You and I are feeling
The same tonight
You gotta rest this
Heart I feel it beating
Outta your chest and
When it gets dark
We take another breath

(Chrous)

I'm breaking out tonight

Gotta find what I've been missing
No more doubts in my mind
I don't need your permission
Let me live underneath
These bright lights
I can't breathe trapped
Within a frame
You won't find me
Stuck inside a can
You can't box me in
You can't box me in

(Bridge)
No oh
You can't box me in
No oh
You can't box me in
No oh
You can't box me in

(Outro)
I'm breaking out tonight
Gotta find what I've been missing
No more doubts in my mind
I don't need your permission
So let me live underneath
These bright lights
I can breathe trapped
Within a frame
You won't find me
Stuck inside a can
You can't box me in
