What's with the cold shoulder you've been given
I never thought I'd see it again
Thanks to your walls, my body is shivering

I never wanted to get like this
I'm missing all of the heat of your kiss
It feels like time's standing still
In a coldspell
In a coldspell

Violets went red
I still know you're a good girl
You never gave me a reason
To loose faith in you
But you hadn't been saying
Here's more than a mouthful
?Slipped his tongue... And inside my?
?I'm a soldier... I told you?

I never wanted to get like this
I'm missing all of the heat of your kiss
It feels like time's standing still
In a coldspell
In a coldspell

Let's not hurt over and over
Turn it around now while there's still a chance
Not all the leaves have fell to the ground
Turn it around now we still have a chance
Make me feel safe and sound

I never wanted to get like this
I'm missing all of the heat of your kiss
It feels like time's standing still
In a coldspell

I never wanted to get like this
I'm missing all of the heat
It feels like time's standing still
In a coldspell
In a coldspell
