Dying to know the taste of your lips
The look in your eyes is so dangerous
And I don't even know your name.
I could be good for you, you don't even know
Please speed it up or take it slow
It all comes down to you

Cause I won't leave here without you
There's a lot of girls
but it's like there's no one else
you're a beauty, but you're lonely
Why you dancing by yourself?
I won't leave here without you.
There's a lot of girl but it's something i've never felt
You're a beauty, but you're lonely
Why you dancing by yourself?
(Why you dancin by yourself x3)
Why you dancing by yourself?
(Why you dancin by yourself x3)

I've been watching you light up this room tonight
these other guys must be blind cause they don't see
how you shine
The way i do.
So can I have this dance, introduce your hips to my
hands, make some future plans?
It all comes down to you.

Cause I won't leave here without you
There's a lot of girls
but it's like there's no one else
you're a beauty, but you're lonely
Why you dancing by yourself?
I won't leave here without you.

There's a lot of girl but it's something i've never felt
You're a beauty, but you're lonely
Why you dancing by yourself?
(Why you dancin by yourself x3)
Why you dancing by yourself?
(Why you dancin by yourself x3)

You shouldn't be dancing by yourself.
You shouldn't be dancing by yourself.
You shouldn't be dancing by yourself.
You shouldn't be dancing by yourself.

Cause I won't leave here without you
There's a lot of girls
but it's like there's no one else
you're a beauty, but you're lonely
Why you dancing by yourself?
I won't leave here without you.
There's a lot of girl but it's something i've never felt
You're a beauty, but you're lonely
Why you dancing by yourself?
(Why you dancin by yourself x3)
Why you dancing by yourself?
(Why you dancin by yourself x3)

Dying to know the taste of your lips
The look in your eyes is so dangerous
And I don't even know your name.
