Here we are under stars  
We got lost we got scars  
Where were you?  
Where were you?  
Are we going under?

We all, we all  
We all, we all  
We all, we all fall down

And we fall  
We had it all  
And we fall  
We are falling apart

So where were you?  
I leaned on you  
But you're going under

We all, we all  
We all, we all  
We all, we all fall down  
We all, we all  
We all, we all  
We all, we all fall down

[Guitar Solo]

Why do we hurt who we love?  
They're the least deserving  
Why should we trust anyone?  
We get deserted

We all, we all  
We all, we all  
We all, we all fall

We all, we all  
We all, we all  
We all, we all fall down  
We all, we all

We all, we all  
We all, we all fall down
