She's a pistol
Pointed at me
Smoking from her head to her feet
Packing the heat
She's lethal, with a license to kill
Stilettos ripping up in the street
She's a heartbreaker, like a masterpiece
She can do it even better than me

She's the baddest girl I've ever seen
Something I don't want, but exactly what I need

Here comes trouble again
Better act carefully
She knows what she's doing to me
But she makes it look so easy
Here comes trouble again
My heart tells me to leave
But a girl like that's
On a different level
Here comes trouble
Trouble

She's a razor, cutting me deep
Let me, let me repeat
She's like a pistol, pointed at me
Smoking from her head to her feet
She's a high taker
Double agent in heels
But I love the way she's making me feel

She's the baddest girl I've ever seen
So hard to walk away with her hands all over me

Here comes trouble again
Better act carefully
She knows what she's doing to me
But she makes it look so easy
Here comes trouble again
My heart tells me to leave
But a girl like that's
On a different level

Here comes trouble

Yeah she's gaining on me
Faster

She's the baddest girl I've ever seen
How could something that's so wrong
Be exactly what I need

Here comes trouble again
Better act carefully
She knows what she's doing to me
But she makes it look so easy
Here comes trouble again
My heart tells me to leave
But a girl like that's
On a different level
Here comes trouble

Here comes trouble again
Better act carefully
She knows what she's doing to me
But she makes it look so easy
Here comes trouble again
My heart tells me to leave
But a girl like that's
On a different level
Here comes trouble
