Honey, can we just talk about us  
Few things to learn about pain  
Don't be surprised when I ask of you, ooh  
Just to get up and go and leave me

Don't warn me  
Don't believe in me  
Don't trust me  
Don't love me

How could you fool around  
With your love  
And how could you toy around  
With your love  
How could you fool around  
With your love

Blame me for all your sadness  
Whatever it takes to pick you up  
Girl, you making a wish on an eyelash or two  
That's the day I want you and you'll have felt someone

Don't warn me  
Don't believe in me  
Don't trust me  
Don't love me

How could you fool around  
With your love  
And how could you toy around  
With your love  
How could you fool around  
With your love

Don't warn me  
Don't believe in me  
Don't trust me  
Don't love me

How could you fool around  
With your love  
And how could you toy around

With your love  
How could you fool around  
With your love
