By the way
I could see that you were calling me last night
By the way
You're looking at me I could tell that things just ain't
right
The other day
I could tell that something's heavy weighing on your
mind
I gotta say
That I'd be devastated if you ever went away
Oh
If she only knew I was seeking consolation
From another girl
Now she's looking at me
To give her confirmation

She said
Kiss me like you mean it
I will feel it
If your lips have been lying
So I kissed her
But I couldn't hide it
And when she pulled away
I saw she was crying

How can I explain?
Just cuz I went astray don't mean that I don't love her
Guess it's not the same
A girl needs to know that there's no other
Now I feel the pain
Walking down the lonely road when I'm in misery
Just let me say
Give me a chance
?Only trust in me?
Oh
If she only knew that I
Made a transformation
There's no other girl
Now she's looking at me
To give her confirmation

She said

Kiss me like you mean it
I will feel it
If your lips have been lying
So I kissed her
But I couldn't hide it
And when she pulled away
I saw she was crying

I never meant to cause you pain
No, no
So I told her no one else could
Take her place
She said
Kiss me like you mean it

She said
Kiss me like you mean it
I will feel it
If your lips have been lying
(I'm sorry, baby)
So I kissed her
But I couldn't hide it
And when she pulled away
I saw she was crying

She said kiss me like you mean it
She said kiss me like you mean it
She said kiss me like you mean it
She said kiss me like you mean it, baby
She said kiss me like you mean it
Kiss me like you mean it
Kiss me like you mean it
She said kiss me like you mean it
