Here we are once again
Lying here in my bed
You're so perfect
I never wanna wake up from this dream
Say goodbyes, out the door
With your dirty little secrets left on the floor
You were my only one
But I guess you had another me

You think you're so slick
Did you think I wouldn't find out?
I won't stand for it

I don't want to, cause I need you
But I gotta let you go
On the surface, it was perfect
But underneath it all
You were living a lie
You were living a lie, living a lie, oh

Now it all makes sense
What I heard from my friends
You're so nervous, and I'mma tell you
Never again, never again

You think you're so slick
Did you think I wouldn't find out?
I won't stand for it

I don't want to, cause I need you
But I gotta let you go
On the surface, it was perfect
But underneath it all
You were living a lie
You were living a lie, living a lie, oh

You broke my heart
Whether you meant it or not, now we're falling apart
So I got burned
Tough lesson learned and now it's your time to see

That you want me, and you need me
And you don't want me to go
On the surface, it was perfect
But underneath it all
You were living a lie, yeah
You were living a lie, living a lie, ooh

I don't want to, cause I need you
But I gotta let you go
On the surface it was perfect
But underneath it all
You were living a lie
You were living a lie, living a lie, oh
