Another night follows the day  
Like a child does to it's mother  
Everywhere I look I see your face  
On the face of others  
And I can't escape the pain

All the questions I went through  
I never told myself the truth  
I turned my back on you and me  
Cause I was scared to see  
That we weren't who we used to be  
So now I'm  
Trying hard to let go, let you go  
But I can't seem to loosen my grip  
Trying hard to let go, let you go  
Let you go, go

I feel emptiness inside  
A part of me already died  
But I pretended to go on  
Like everythings ok  
And all we built began to fall  
As I began to lose it all  
Shut my eyes and set me free  
Cause I was scared to see  
That we weren't who we used to be  
So now I'm  
Trying hard to let go, let you go  
But I can't seem to loosen my grip  
Trying hard to let go, let you go  
Let you go, go

You're all that I ever wanted  
You're everything that I need  
But now it's finally over  
Time for goodbyes  
Im needed so now I'm  
Trying hard to let go, let you go  
But I can't seem to loosen my grip  
Trying hard to let go, let you go  
Let you go, go

Im trying hard to let go  
Let you go  
Let you go, go
