At least I'm moving forward.
At least I'm moving forward.
At least I'm moving forward.
At least I'm moving forward...

I stand before, a road that will lead,
Into the unknown. At least unknown to me.
I want to go, but I'm paralysed with fear.
Fear of a choice, where the outcome isn't clear.

Nooo, but still I gooo.

And I take, the first step of a million more.
And I'll make mistakes I've never made before.
But at least I'm moving forward, at least I'm moving
forward.
At least I'm moving forward...

I wonder if, the journey will be,
Short as I hope, or much longer than it seems.
But either way, I've made up my mind.
I'm through feeling scared, I'm leaving that behind.

Sooo, Now it's time to gooo.

And I take, the first step of a million more.
And I'll make mistakes I've never made before.
But at least I'm moving forward, at least I'm moving
forward.
At least I'm moving forward...

And in while I'll be singing,

Na, nana nana

And I take, the first step of a million more.
And I'll make mistakes I've never made before.
But at least I'm moving forward, at least I'm moving
forward.
At least I'm moving forward, at least I'm moving
forward.

And I take, the first step of a million more!
And I'll make mistakes I've never made before!
But at least I'm moving forward, at least I'm moving
forward.
At least I'm moving forward, at least I'm moving
forward!

Mo-ving, for-ward.
Mo-ving, for-ward.
Mo-ving, for-ward.
Mo-ving, for-ward...

Na, nana nana
