I got another question that I need answered  
But you won't speak to me  
Got another problem that I need solving  
When are you gonna see?

Don't act like you don't care  
'Cause I know you do, yeah you do

But I just can't figure it out  
I'm not over you, over you  
And I just can't leave it alone  
I'm not over you, over you, over you

What happened to the days  
When I knew the ways to make your body move?  
Tried to get it back but the distance grows  
I know you feel it too

I can't act like I don't care  
'Cause I do, yeah I do

But I just can't figure it out  
I'm not over you, over you

And I just can't leave it alone  
I'm not over you, over you

And you just won't pick up the phone  
I'm not over you, over you  
And I know I'll never get through  
I'm not over you, over you

Ripped up the pictures of you and me  
I tried seeing other girls  
But they were just a distraction, never the same  
attraction  
I'm going crazy over you

But I just can't figure it out  
I'm not over you, over you  
Yeah, and I just can't leave it alone  
I'm not over you, over you

Yeah, and you just won't pick up the phone  
I'm not over you, over you  
And I know I'll never get through  
I'm not over you, over you, no

I'm not over you, I'm not over you  
I'm not over you, over you  
I'm not over you, I'm not over you  
I'm not over you
