You were always the girl
Who would give me girl advice whenever I needed it
My best friend in the world
My friends said you were fine but I was always denyin'
it

Then one summer day
I saw you laying by your swimming pool
And I was thinking damn you really changed
You're not the quiet girl I used to know
You opened up my eyes

I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark
See you in the dark
My window, frames you like a Monet
Don't come back to bed yet
Cuz I love to see you in the dark
See you in the dark
See you in the (in the) dark (dark)

I'll never see you the same
The veil has been lifted, now I see you're gifted
My whole perspective has changed
Don't think I can go back cause I will always desire it
Don't take another step
Near me just in case we have regrets
If tomorrow we go back to being friends
I'll think about the way you looked tonight
So turn off all the lights

I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark
See you in the dark
My window, frames you like a Monet
Don't come back to bed yet
Cuz I love to see you in the dark
See you in the dark
See you in the (in the) dark (dark)

Maybe if you were someone else
It wouldn't have to be like this
I'm wondering how you feel about me now
Or was it just a friendly kiss, Yeah
Cause I'm seeing you for the first time

She pulls me closer to her body
As she whispers softly,
Turn the lights off
See you in the dark
See you in the dark

I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark
See you in the dark
My window, frames you like a Monet
Don't come back to bed yet
Cuz I love to see you in the dark
See you in the dark
