You were always the girl
Who would give me girl advice
Whenever I needed it

My best friend in the world
My friends thought you were fine
But I was always denying it

Then one summer day
I saw you laying by your swimming pool
And I was thinking damn you really changed
You're not the quiet girl i used to know
You opened up my eyes

[chorus]

I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark
See you in the dark
My window frames you like a Monet
don't come back to bed yet
Cause I love to see you in the dark
See you in the dark
(i see you, I see you, see you in the dark dark)

I'll never see you the same
The veil has been lifted
Now I see you're gifted
My whole perspective has changed
Don't think I can go back
Cause I will always desire it

Don't take another step
Near me just in case we have regrets
If tomorrow we go back to being friends
I'll think about the way you look tonight
You opened up my eyes

[chorus]

I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark

See you in the dark
My window frames you like a Monet
So don't come back to bed yet
Cause I love to see you in the dark
See you in the dark
(I see you, I see you, see you in the dark dark)

Maybe if you were someone else
It wouldn't have to be like this
I'm wondering how you feel about me now
Was it just a friendly kiss, yeah
Cause I'm seeing you for the first time

[chorus]
I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark
See you in the dark

I see you walk across my room in
Nothing but the moonlight
Now I love to see you in the dark
See you in the dark

My window frames you like a Monet
So don't come back to bed yet
Cause I love to see you in the dark
See you in the dark
