Can you keep a secret
It's one I would tell you right now
Come in a little closer
I want to get to know you right now, ooh

I want you to know
I wanna take you home tonight
So don't say no, because
I don't know what I would do, don't know what I
I don't know what I'd do, don't know what I

So I normally don't do this
But your body says it's okay to move right in
I know that they're watching
Let's take it to the end and begin, yeah

I want you to know
I wanna take you home tonight
So don't say no, because
I don't know what I would do, don't know what I
I don't know what I'd do, don't know what

I know we can make tonight last forever
You're beautiful, you're beautiful
Please say that you'll stay, that you'll stay with me

I don't know what I'd do, don't know what
I don't know what I'd do, don't know what
I don't know what I'd do, don't know what
I don't know what I'd do, don't know what
I don't know what I'd do, don't know what
I don't know what I'd do, don't know what
