Late at night I am sinking deep  
My body's twisted in these sheets  
You're the one I want I see you in my dreams  
I can't wait till I fall asleep

I don't wanna be without you anymore  
You're sending mixed signals  
I didn't think I was far from shore  
But now I'm caught up in the moment

I'm thrown overboard I'm downing  
Lost without a lifeline, it's high tide  
And I am sinking  
I want you to rescue me  
I want you to rescue me  
I need you to rescue me  
Cause this bed is an ocean

Morning comes creeping like a thief  
Stealing all my dreams from me  
Lover of my night's is just a fantasy  
I'm so lonely it's killing me

Cause I don't wanna be without you anymore  
You're sending mixed signals  
I didn't think I was far from shore  
But now I'm caught up in the moment

I'm thrown overboard I'm downing  
Lost without a lifeline, it's high tide  
And I am sinking  
I want you to rescue me  
I want you to rescue me  
I need you to rescue me  
Cause this bed is an ocean

I'm treading water  
I never thought it would get this deep  
I see you above me  
And I can't believe it was you who pushed me over

I'm thrown overboard I'm drowning  
Lost without a lifeline, it's high tide  
And I am sinking

I'm thrown overboard I'm downing  
Lost without a lifeline, it's high tide  
And I am sinking, baby  
I want you to rescue me  
I want you to rescue me  
I need you to rescue me  
Cause this bed is an ocean

I want you to rescue me  
I want you to rescue me  
I need you to rescue me  
Cause this bed is an ocean
