To my favorite teacher  
Who told me never give up  
To my 5th grade crush  
Who I thought I really loved  
To the guys I miss  
And the girls we kissed  
Where are you now?

To my ex-best friends  
Don't know how we grew apart  
To my favorite bands  
And sing-alongs in my car  
To the face I see  
In my memories  
Where are you now?

Where are you now?  
Cause I'm thinking of you  
You showed me how  
How to live like I do  
If it wasn't for you  
I would never be who I am

To my first girlfriend  
I thought for sure was the one  
To my last girlfriend  
Sorry that I screwed it up  
To the ones I loved  
But didn't show it enough  
Where are you now?

Where are you now?  
Cause I'm thinking of you  
You showed me how  
How to live like I do  
If it wasn't for you  
I would never be who I am

I know I'll never see those days again  
And things will never be that way again  
But that's just how it goes  
People change but I know

I won't forget you

To the ones who cared  
And who were there from the start  
To the love that left  
And took a piece of my heart  
To the few who'd swear  
I'd never go anywhere  
Where are you now?

Where are you now?  
Cause I'm thinking of you  
You showed me how  
How to live like I do  
If it wasn't for you  
I would never be who I am

If it wasn't for you  
I would never be who I am  
If it wasn't for you  
I'd be nothing  
Where are you now?
