We're still young, and we got that fire, and we speak
our minds but yesterday, is still gone, and it's so much
brighter, cause we know inside that

Everything that ends, starts over again, when you're
living in the moment, then you'll never end.
Instead of moving on, let's try moving up.
And while we're here together, lets just raise our cups.
Now we gotta leave it all behind
I won't say, i won't say goodbye
Even though we're running out of time.
I won't say, i won't say goodbye.
Everybody throw your hands in the sky
I won't say, i won't say goodbye.
We can live forever tonight
I won't say, i won't say goodbye.

I won't say goodbye
I won't say goodbye
I won't say goodbye
I won't say goodbye

We're still rebels

We do what we want, and we just can't stop.
Cause it's now, or never, we're coming alive
So take the chance tonight, oh.

Everything that ends, starts over again, when you're
living in the moment, then you'll never end.
Instead of moving on, let's try moving up.
And while we're here together, lets just raise our cups.
Now we gotta leave it all behind
I won't say, i won't say goodbye
Even though we're running out of time.
I won't say, i won't say goodbye.
Everybody throw your hands in the sky
I won't say, i won't say goodbye.
We can live forever tonight
I won't say, i won't say goodbye.

I won't say goodbye x8
