Excuse me my son
but do you believe
that you are without
divine company?
come with me now
I'll show you the way
what if I told you all you knew
and thought what's real would slowly wash away
unless you join today
I have no appetite for your control
please go away
and just leave me alone
I'll search on my own
I don't need a guide for my soul

So when you feel lost
and losing your hope
reconsider this antidote
hold on to me
and watch how we'll grow
what if I told you that your soul cannot be saved
there is no other way
now you must join today
I have no appetite for your control
please go away
and just leave me alone

I'll search on my own
I don't need a guide for my soul

Let me choose the path to take
cause it's my own choice to make
and I'll challenge this to you
but what if I told you
you were programmed to obey
and what if I told you
I didn't need you for your flock
cause I'll find my own way
I have no appetite for your control
please go away
and just leave me alone
I'll search on my own

I don't need a guide for my soul

So just leave me alone

I'll search on my own

I don't need a guide for my soul
