I've been having trouble looking in the mirror  
Just when I do I can't stand the person that I see  
Although my face is still the same  
Underneath something has changed  
From all the shit you've said and done to me... Oh no  
no.

Did you ever realize the damage you were doing?  
Were you aware of all the mess that I've cleaned up?  
But now I see just who you are  
I can't believe it got this far  
And it's time to say enough is enough...

[Chorus]

So I'll be gone, gone, gone...  
We started off in heaven  
I'll be gone, gone, gone...  
We ended up in hell  
So don't waste my time with one more lie  
It's too late to apologize  
By the time this song is done,  
I'll be gone!

I should have listened when my friends said you were  
crazy  
I should have shown a little spine and self respect,  
But I couldn't see the signs  
Your so called love had made me blind  
Tied me up, and left me for dead

[Chorus]

So I'll be gone, gone, gone...  
We started off in heaven  
I'll be gone, gone, gone...  
We ended up in hell  
So don't waste my time with one more lie  
It's too late to apologize  
By the time this song is done,  
I'll be gone! I'll be gone!

Don't beg me to reconsider  
Don't bother getting on your knees

'Cause there's absolutely nothing you can say to  
change my mind  
So save you breath... So save you breath...

[Chorus]

'Cause I'll be gone!  
We started off in heaven  
I'll be gone, gone, gone...  
We ended up in hell  
So don't waste my time with one more lie  
It's too late to apologize  
By the time this song is done,  
I'll be gone! I'll be gone! I'll be gone!
