"Losing My Grip"

Another night follows the day
Like a child does to it's mother
Everywhere I look I see your face
On the face of others
And I can't escape the pain

All the questions I went through
I never told myself the truth
I turned my back on you and me
Cause I was scared to see
That we weren't who we used to be
So now I'm
Trying hard to let go, let you go
But I can't seem to loosen my grip
Trying hard to let go, let you go
Let you go, go

I feel emptiness inside
A part of me already died
But I pretended to go on
Like everything's ok
And all we built began to fall
As I began to lose it all
Shut my eyes and set me free
Cause I was scared to see
That we weren't who we used to be
So now I'm
Trying hard to let go, let you go
But I can't seem to loosen my grip
Trying hard to let go, let you go
Let you go, go

You're all that I ever wanted
You're everything that I need
But now it's finally over
Time for goodbyes
I'm needed so now I'm
Trying hard to let go, let you go
But I can't seem to loosen my grip
Trying hard to let go, let you go
Let you go, go

Im trying hard to let go
Let you go
Let you go, go
