another night follows the day
like a child does to its mother
and everywhere I look
I see your face
on the face of others
and I can't escape the pain

and all the questions I went through
I never told myself the truth
I turned my back on you and me

'cause I was scared to say
that we weren't who we used to be
so now I'm trying hard to let go, let you go
but I can't seem to loosen my grip
trying hard to let go, let you go

I feel an emptiness inside
a part of me already died
when I pretend that you go on
like everything's okay
then all we build begins to fall
as I begin to lose it all
I shut my eyes and set me free

as I was scared to say
that we weren't who we used to be
so now I'm trying hard to let go, let you go
but I can't seem to loosen my grip
trying hard to let go, let you go

you're all that I ever wanted
you're everything that I need
but now it's finally over
time for goodbyes

I need it so now
I'm trying hard to let go, let you go
but I can't seem to loosen my grip
trying hard to let go, let you go

I'm trying hard to let go, let you go
