I've done everything as you say
I've followed your rules without question
I thought it'd would help me see things clearly

But instead of helping me to see
I look around and it's like I'm blinded

I'm spinning out of control
Out of control
I'm spinning out of control
Out of control

Where should I go?
What should I do?
I don't understand what you want from me

'Cause I don't know
If I can trust you
I don't understand what you want from me

I feel like I'm spinning out of control
Try to focus but every thing's twisted
And all alone I thought you would be there

To let me know I'm not alone
But in fact that's exactly what I was

I'm spinning out of control
Out of control
I'm spinning out of control
Out of control

Where should I go?
What should I do?
I don't understand what you want from me

'Cause I don't know
If I can trust you
Or all of the things you've said to me

And I may never know the answer
To this endless mystery

Where should I go?
What should I do?
I don't understand what you want from me

It's in a mystery
It's in a mystery

I'm spinning out of control
Out of control
I'm spinning out of control
Out of control

I'm spinning out of control
Out of control
I'm spinning out of control
Out of control

I'm spinning out of control
Out of control
I'm spinning out of control
Out of control

I'm spinning out of control
Out of control
I'm spinning out of control

Where should I go?
What should I do?
I don't understand what you want from me

'Cause I don't know
If I can trust you
All of the things you've said to me

And I may never know the answer
To this endless mystery

Where should I go?
What should I do?
I don't understand what you want from me

I'm spinning out of control
Out of control
I'm spinning out of control
Out of control
