I wake up all alone, somewhere unfamiliar.  
Been gone so many days, I'm losing count.  
When I think of home, I see your face.  
I know I have to wait...

(Chorus)

So close, yet so far  
It's tearing me apart  
What I would do to be there with you  
So close yet so far  
It's tearing me apart  
What I would do to be back with you

I miss hearing your laughter  
And all the little things  
Forgotten what it's like to hold you  
Cause where I am right now so unforgiving  
It's numbing everything

So close, yet so far  
It's tearing me apart  
What I would do to be there with you  
So close yet so far  
It's tearing me apart  
What I would do to be back with you

So promise  
No matter how long it takes for me to get back to you  
You'll wait for me.

I Promise  
No matter how far away I go I'll come back for you  
Just wait and see

I miss being at home  
I miss your face  
Don't think I can wait...

We're So close, yet so far  
It's tearing me apart  
What I would do to be there with you  
So close yet so far

It's tearing me apart  
What I would do to be back with you

I promise,  
It's tearing me apart  
No matter how far away I go I'll come back for you  
I promise  
It's tearing me apart  
What I would do  
What I would do  
What I would do to be there with you
