### "Stay With Me"

You've felt unloved before  
You've felt unwanted  
You've tried to close the door on a past  
in which you're haunted.

I don't know how to make it right  
I don't know how to change it  
I just know it wasn't your fault  
So just let me say this.

You can go back if you want to  
I will be right there behind you  
Step by step, patiently  
Give us time  
Stay with me.

The past is a memory  
The future's a mystery (the future's a mystery)  
Where we'll be going  
What will we be  
As long as it's you and me.

You can go back if you want to  
I will be right there behind you  
Step by step, patiently  
Give us time  
Stay with me.

There is nowhere left to run to  
Nothing that we couldn't get through  
Step by step, patiently  
Give us time  
Stay with me.

Stay with me  
Stay with me  
Stay with me (I promise I'll be there)

You can go back if you want to  
I've always been there

Step by step, patiently  
Give us time  
Stay with me.

There is nowhere left to run to  
Nothing that we couldn't get through  
Step by step, patiently  
Give us time  
Stay with me.

Stay with me  
Stay with me (Stay with me)
